

# Future Declaration

The way we can improve ourselves is to see what is on the inside, not what's on the outside. We need to understand that just because one person of a specific race did a crime, does not mean that all individuals of that race will commit that crime. Every race is capable of equally doing crimes and are equally capable of doing well. We should have a class where young kids learn just because someone looks different, doesn't mean they are a bad person, just because someone is different or believes different, doesn't mean they are wrong or a bad person. As Dr. Martin Luther King Jr. said We must be judged on our character not by the color of our skin. Our religion, race, wealth do not matter. What matters in life is who we are as a person. That is how we can improve our future.

- **MISSION STATEMENT:** To incorporate a class for younger kids to learn about different cultures, and races. For them to know that being different isn't wrong.

みんな違って、みんないい

Everyone is different and that's okay!!!

Bulat air kerana pembentung, bulat manusia kerana muafakat
